LED VOLUME / VIRTUAL STUDIO

Your One-Stop Production Solution! Experience the future of content creation at our state-of-the-art Creative Studio, home to a large 18ft by 45ft LED volume.

INNOVATIVE LED VOLUME

- Our spacious 18ft by 45ft LED volume provides an immersive backdrop for any production, enabling real-time, in-camera visual effects.
- The LED volume allows for greater creative freedom, dynamic lighting, and captivating visuals, bringing your imagination to life.
- Perfect for commercial, bulk content creation, creative projects, narrative films and more!

COMPLETE VIDEO PRODUCTION

- Enjoy professional video production services tailored to your unique vision.
- Our experienced team collaboratively works on scripting, storyboarding, filming, and post-production to deliver top-quality content.
- Using our powerful dual processors, we will scale your content to our 18ftx45ft curved LED VOLUME to create immersive backgrounds.
- With over 1.5 million pixels, your digital backdrop will be in stunning 8K resolution and have cinema quality when filmed.
- Capture your videos using our suite of CINEMA cameras (Black Magic, Canon or RED's).
- We also offer turnkey rentals that allow you to take the wheel on productions. If your team is familiar with LED Volume operations, we are happy to let you take advantage of our studio and run the show!

EXPERT CREATIVE DIRECTION

- Our seasoned creative directors will help transform your ideas into compelling visual narratives.
- We assist at every step of the creative journey, from conceptualization to execution.
- Pre Production includes creative meetings, storyboards, full scripts and casting.

TOP-NOTCH LIGHTING

- Our studio is equipped with advanced lighting systems to set the perfect mood for your productions. From daylight balance scenes to color specific lighting on vignettes, we have the gear you need.
- Our lighting experts will optimize the setup based on your specific needs, shaping faces and scaling to fully light cars and larger products.
- If you're more the DIY type, we can be hands-off and offer turnkey solutions. You can be in the driver's seat and direct all visual elements.

PRODUCTION AMENITIES

- Take advantage of our full suite of production amenities, including high-end cameras, sound systems, editing suites, and much more.
- We offer RED, Black Magic, and Canon products as well as DZO Prime Cinema lenses and everything in between.
- Enjoy the convenience of having all production elements in one place, ensuring a seamless and efficient workflow.
